Palladium

AstraZeneca Pharmaceuticals, LP

Double Platinum

Bristol-Myers Squibb

Merck & Co., Inc.

Platinum

Genentech

Gold

Amgen

Celgene Corporation

Silver

Exelixis, Inc.

Incyte Corporation

Thank You!

To our collaborative partners for their contributions to these programs:

This program is jointly provided by SITC and the Postgraduate Institute for Medicine.

Claiming Your Credit!

If you have any questions, please email “education@sitcancer.org” or ask staff.

Steps to claim CE Credits:

1. Please fill out and turn in the paper evaluation you received today – **make sure it includes your email address, written legibly.** [If you did not receive an evaluation, please ask SITC staff at the registration desk for one.]
2. Turn in the completed evaluation to the SITC staff at the registration desk.
3. Your CE certificate will be email to you approximately two (2) weeks following the program from the address CEcertificate@pimed.com.

Steps to claim MOC Credits:

1. Go to www.cmeuniversity.com.
2. Login/Create a free profile if you don't have one.
3. In the top box, entitled “Find Post-Test/Evaluation by Course:” enter the number **14668**.
4. Complete the posttest – you must score a 75% or higher.
5. MOC credits will be available immediately upon successful conclusion of posttest.

Audience Response System (ARS) Participation

Please remember to leave the handsets on the tables prior to departing!

Please access the ARS pads and reply by simply pressing the option that best represents your choice.

Please remember to answer all questions!
This data is used to further SITC's educational offerings.

Resources for Clinicians

Check out SITC's website for even more resources for clinicians!

Glossary of Terms: A glossary of immunology and immunotherapy terms is available in your printed program syllabus to guide you today with definitions of common and important terms.

SITC Materials: There is a listing of SITC scientific and clinical resources also provided in your printed program syllabus, that includes information on the follows:

- SITC's consensus statements, *Cancer Immunotherapy Guidelines*
- *Understanding Cancer Immunotherapy, Fifth Edition*
- *Cancer Immunotherapy Principles and Practice* textbook
- ***SITC's Guide to Managing Immunotherapy Toxicity***

Join the Online Community!
